

KENILWORTH PARKSIDE ATHLETIC FIELD

OVERVIEW

Location: Washington DC
Client: DC Sports & Entertainment Commission
Period of Performance: June 2006 – June 2007
Contract Value: \$4.5 M
FMCC Job No.: 8575

Project Description

Fort Myer’s work on the Kenilworth Parkside Athletic Field included construction of a rubberized asphalt running track, a football field with spectator stands, and renovated comfort station facilities. The project also included renovation construction and of a dozen multi-purpose soccer, baseball and football fields, supporting facilities, new lighting, water management and environmental hazard abatement measures.

Project Significance

This project demonstrates Fort Myer Construction’s ability to construct an integrated athletic and recreational facility with environmentally related issues in a timely manner, including all electrical and lighting systems and coordinating all activities to provide an outstanding community sports facility.
