

DC COMPREHENSIVE FIELD MAINTENANCE & MANAGEMENT

OVERVIEW

Location: Various Locations within Wards 1-8, Washington, DC

Client: The Department of General Services

Period of Performance: October 2011 – December 2017

Contract Value: \$5.4 M

FMCC Job No.: 9488 and 10462

Project Description

Comprehensive Field Maintenance and Management Services was a 5-year contract where Fort Myer Construction service approximately 159 acres of athletic fields at 68 sites operated by DPR in Wards 1 thru 8.

Fort Myer Construction's responsibilities included: mowing, edging, trimming, weeding, seeding, sod installation, soil testing, irrigation services and restorative maintenance services. Removal of trash, plant, material and debris, leaves and invasive materials along with fertilization and emergency landscaping services.

Project Significance

This project demonstrated Fort Myer Construction's ability to maintain integrated athletic and recreational facilities on a consistent basis.
