

IDIQ – NHS ROUTES MILLING & ASPHALT PAVING

OVERVIEW

Location: Various Locations – NHS Routes

Client: Capitol Paving for District Department of Transportation

Period of Performance: December 2015 – Spring 2020 (Base Year with 4 1-YR Options)

Contract Value: \$6.3M per year

FMCC Job No.: 9863, 9251, 10209, 10210, 10211, 10212

Project Description

This IDIQ contract is comprised of providing milling and asphalt paving to all National Highway System (NHS) highways and other roads that serve major airports, rail or truck terminals, railway stations, pipeline terminals and other strategic transport facilities.

Fort Myer is a subcontractor to Capital Paving on this contract. Fort Myer's responsibilities include the maintenance of all major roadways and arteries of the nation's capital by providing pothole repairs, cracked sealing repairs, milling, and asphalt paving.

Project Significance

Every four years, Fort Myer has the opportunity to provide milling and paving work along Pennsylvania Avenue to prepare the route for Presidential Inauguration Day. This job has been showcased in [World Highways](#) magazine for the great work.

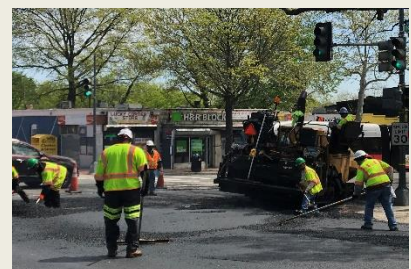

"We have been either the prime contractor or subcontractor on this contract since 2008." Bradley Gardner, General Superintendent, Asphalt Division.
