

# REPAIR OF THREE BRIDGES IN ROSSLYN

## OVERVIEW

**Location:** North Nash Street, North Fort Myer Drive, 17<sup>th</sup> Street, Arlington, VA

**Client:** County of Arlington, VA

**Period of Performance:**  
July 2017- December 2017

**Contract Value:** \$300K

**FMCC Job No.:** 10449

### Project Description

The Repair of Three Bridges in Rosslyn project refurbished the North Nash Street pedestrian bridge south of Key Boulevard, the 17th Street North bridge over Fort Myer Drive, and the Fort Myer Drive pedestrian bridge north of Wilson Boulevard. The repairs prevented further deterioration and extended the life of these structures.

Fort Myer Construction was responsible for bridge repairs including: filling concrete cracks, patching broken concrete, replacing damaged bridge joints, applying waterproof sealing, and replacing sections of damaged hand rails.

### Project Significance

This project was part of the County's latest Capital Improvement Plan (CIP) adopted in 2016. The Capital Improvement Plan (CIP) is one of the most significant planning processes for Arlington County. This plan identifies the capital needs of the community over a specified period of time. This plan not only identifies the immediate needs, but also seeks to capture long-term capital needs.
